

70/110Z

NEW FEATURE!

The LBS production team now has the ability to mark the head or foot of your slit capping materials with a line of color. This new feature will reduce orientation issues when feeding book blocks into your casing-in machine and will eliminate the need for you to mark your capping materials with a pen or marker.

BOOKBINDING

This crepe paper has the greatest elongation of any stretch paper in the industry. Creates a beautiful, well-rounded back. Helps eliminate splitting. Reinforces the spine from head to tail. Runs easily forming a strong bond to the book block with PUR, cold glue or hot melt adhesive.

PACKAGING & STATIONERY

Our 70/110Z is a white kinkle paper. It can be used in a wide variety of ways for custom projects. The kinkled paper adds a unique texture to your project.
