Our 80# and 100# colored papers are a dyed-through, long fiber kraft paper that is acid free, carbon free, and lignin free. The wide color selection and many embossing patterns make this a great choice for three piece covers. It is also a cost-effective option for book covers, stationery, and custom packaging projects. 80# and 100# paper decorates beautifully with foil stamping, printing, and embossing.

Samples available upon request
