|-----------------------|---|--|
| <b>Construction</b>   | Latex-saturated fiber blend   | <p>LBS Peach Flex™ is a latex-saturated fiber blend caselining material. Used primarily when a flexible stiffener board for bookbinding is called for, such as in soft cover books. LBS Peach Flex has superior flexibility and durability over other products such as thin chipboard. It can also be cut cross grain to attain a firmer cover.</p> <p><b>Samples available upon request</b></p> |
